International POI guideline update survey

An international collaboration between the European Society of Human Reproduction and Embryology (ESHRE), American Society for Reproductive Medicine (ASRM), International Menopause Society (IMS) and Centre of Research Excellence-Women's Health in Reproductive Life (CRE-WHiRL) are partnering to update the 2016 ESHRE Premature/Primary Ovarian Insufficiency (POI) guideline.

We invite you to take part in this research about the content, resources and tools for the new POI guideline and share your opinions as a woman with POI/ Premature menopause.
